

Laparoscopic Irrigation Suction Set and Probes

Our laparoscopic irrigation suction set is designed to meet all your minimal invasive surgical needs.

The smoothly contoured hand piece fits comfortably in the hand, allowing surgeons to operate suction or irrigation effortlessly. The colour coded buttons are convex and concave shaped, which allows the surgeon to operate without taking attention away from the surgical site.

Fairmont Medical offers an extensive range of laparoscopic irrigation suction sets to allow quick assembly and turn-around time during procedures. We are the only company globally to offer an entire range of laparoscopic irrigation suction sets, with the recent introduction of the 3mm probe.

Our laparoscopic irrigation suction set is one of the highest quality medical devices worldwide. It is 100% leak-free.
